

IS YOUR BUSINESS READY FOR THE DEMANDS OF REMOTE COLLABORATION?

43%

of U.S. employees work away from their team members at least some of the time.

<https://news.gallup.com/businessjournal/206033/america-coming-workplace-home-alone.aspx>

42 million*

Americans are able to work from home

<https://www.bls.gov/news.release/flex2.nr0.htm>

TAKE ADVANTAGE OF THE OPPORTUNITIES OF REMOTE WORK

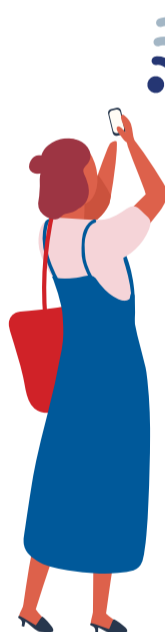

3 CORE TOOLS

-  VIDEO CONFERENCING APP
-  MESSAGING APP
-  COLLABORATION PLATFORM

Voice, Video or VPN traffic is tightly intertwined with the underlying network performance.

JITTER DELAY PACKET LOSS

All 3 Scenarios will result in poor voice quality and a terrible call experience.

Deploy a solution that monitors these key metrics for a faster resolution time.

Hybrid Cloud Approach

On-Premise

Cloud Offering

Network Optimization can ensure business continuity should your main site go down.

Office 365 guarantees

99.9%

 uptime

44

 This equals minutes of downtime each month
